“[C]ompresses the entire history of Judaism . . . into a thoroughly readable synthesis, paying special attention to Jewish diversity and drawing on up-to-date scholarship. Henceforward, all students of Judaism should begin here.”

—Jonathan D. Sarna, author of *When General Grant Expelled the Jews*

A History of Judaism

A History of Judaism provides the first truly comprehensive look in one volume at how this great religion came to be, and how its various strains, sects, and traditions have related to each other. This narrative spans the globe, explaining the institutions and ideas on which all forms of Judaism are based, and weaving together the different threads of debate that run throughout its history. This is a spellbinding chronicle of a multifaceted religious tradition that has shaped the spiritual heritage of humankind like no other.

MARTIN GOODMAN is professor of Jewish studies at the University of Oxford, where he is president of the Oxford Centre for Hebrew and Jewish Studies and a fellow of Wolfson College.

March 2018. 416 pages. 28 halftones.
CI: 978-0-691-17928-5 \$29.95 | £24.95

“An authoritative account of a complex and absorbing story.”

—Itamar Rabinovich, president of The Israel Institute and Israel’s former ambassador to the United States

In Search of Israel

Many Zionists who advocated the creation of a Jewish state envisioned a nation like any other. Yet the state that emerged in 1948 was anything but ordinary. Israel was conceived to be unique, a model society and the heart of a prosperous new Middle East. It is this paradox—the Jewish people’s wish for a homeland both normal and exceptional—that shapes Israel’s ongoing struggle to define itself. *In Search of Israel* is a major new history of this struggle.

MICHAEL BRENNER is the Seymour and Lilian Abensohn Chair in Israel Studies and director of the Center for Israel Studies at American University and Professor of Jewish History and Culture at Ludwig Maximilian University in Munich.

2017. 896 pages. 60 halftones. 12 maps.

“A cause for celebration, *Hasidism* is a magnificent achievement.”

—John M. Efron, author of *German Jewry and the Allure of the Sephardic*

Hasidism

This is the first comprehensive history of the pietistic movement that shaped modern Judaism. The book’s unique blend of intellectual, religious, and social history offers perspectives on the movement’s leaders as well as its followers, and demonstrates that, far from being a throwback to the Middle Ages, Hasidism is a product of modernity that forged its identity as a radical alternative to the secular world. Written by an international team of scholars, *Hasidism* is a must-read for anyone seeking to understand this vibrant and influential modern Jewish movement.

DAVID BIALE. DAVID ASSAF. BENJAMIN BROWN. URIEL GELLMAN. SAMUEL HEILMAN. MOSHE ROSMAN. GADI SAGIV. MARCYN WODZIŃSKI.

 Cl: 978-0-691-17401-3 \$75.00 | £62.95

“An unparalleled achievement. This original and innovative book blazes a trail through the history of Hasidism.”

—Adam Teller, author of *Money, Power, and Influence in Eighteenth-Century Lithuania*

Historical Atlas of Hasidism

Historical Atlas of Hasidism provides the very first cartographic reference book on one of the modern era’s most vibrant and important mystical movements. Featuring 74 large-format maps and a wealth of illustrations, charts, and tables, this one-of-a-kind atlas charts Hasidism’s emergence and expansion; its dynasties, courts, and prayer houses; its spread to the New World; the crisis of the two world wars and the Holocaust; and Hasidism’s remarkable postwar rebirth. This is a magnificent resource for anyone seeking to understand Hasidism’s spatial and spiritual dimensions, or anybody interested in geographies of religious movements past and present.

MARCIN WODZIŃSKI is professor of Jewish studies at the University of Wrocław in Poland.

2017. 408 pages. 8 halftones.
 Cl: 978-0-691-17460-0 \$35.00 | £27.95

“Weitzman’s courageous and illuminating book is essential reading for anyone who wonders or cares about what it really means to be a Jew.”

—Jonathan Kirsch, *Jewish Journal*

The Origin of the Jews

In this book, Steven Weitzman takes a look at what we know—or think we know—about where the Jews came from, when they arose, and how they came to be. This is the first book to trace the history of the different approaches that have been applied to the question, including genealogy, linguistics, archaeology, psychology, sociology, and genetics. Spanning more than two centuries, *The Origin of the Jews* brings needed clarity to this enduring and often divisive topic.

STEVEN WEITZMAN is the Abraham M. Ellis Professor of Hebrew and Semitic Languages and Literatures and Ella Darivoff Director of the Herbert D. Katz Center for Advanced Judaic Studies at the University of Pennsylvania.

2017. 352 pages. 9 halftones. 2 maps.
 Cl: 978-0-691-17475-4 \$35.00 | £27.95

“This is a most provocative, solid scholarly work on a heretofore little-explored topic in 20th-century Polish-Jewish and Zionist history.”

—*Publishers Weekly*

Jabotinsky's Children

Jabotinsky's Children draws on a wealth of rare archival material to uncover how the young people in Betar were instrumental in shaping right-wing Zionist attitudes about the roles that authoritarianism and military force could play in the quest to build and maintain a Jewish state. Shedding critical light on a vital yet neglected chapter in the history of Zionism, this book provides invaluable perspective on the origins of right-wing Zionist beliefs and their enduring allure in Israel today.

DANIEL KUPFERT HELLER is assistant professor of Jewish studies at McGill University.

2017. 344 pages. 9 halftones. 2 maps.
 Cl: 978-0-691-17232-3 \$35.00 | £27.95

“This meticulously researched work offers a fascinating and intelligent accounting of Oppenheimer’s life that will captivate readers of history and Jewish studies.”

—Jacqueline Parascandola, *Library Journal* (Starred Review)

The Many Deaths of Jew Süß

The Many Deaths of Jew Süß is a compelling new account of Oppenheimer’s notorious trial. Drawing on a wealth of rare archival evidence, Yair Mintzker investigates conflicting versions of Oppenheimer’s life and death as told by four contemporaries. What emerges is a lurid tale of greed, sex, violence, and disgrace—but are these narrators to be trusted? Meticulously reconstructing the social world in which they lived, and taking nothing they say at face value, Mintzker conjures an unforgettable picture of “Jew Süß” in his final days that is at once moving, disturbing, and profound.

YAIR MINTZKER is associate professor of history at Princeton University.

“Truly impressive. [This] book will be of profound importance to all scholars of ancient Judaism.”
 —Rachel Neis, author of *The Sense of Sight in Rabbinic Culture: Jewish Ways of Seeing in Late Antiquity*

Writing on the Wall

Prevailing perspectives on ancient Jewish life have been shaped largely by the voices of intellectual and social elites. The perspectives and sentiments of nonelite Jews, by contrast, have mostly disappeared from the historical record. Focusing on these forgotten Jews of antiquity, *Writing on the Wall* takes a look at the vernacular inscriptions and drawings they left behind. Illustrated throughout, this book provides a glimpse into the worlds of forgotten populations living at the crossroads of Judaism, Christianity, paganism, and earliest Islam.

KAREN B. STERN is assistant professor of history at Brooklyn College of the City University of New York.

June 2018. 224 pages. 50 line illus.
 Cl: 978-0-691-16133-4 \$35.00 | £27.95

“An extraordinary achievement by a rising star.”
 —Ivan G. Marcus, Yale University

Coming of Age in Medieval Egypt

Much of what we know about life in the medieval Islamic Middle East comes from texts written about great men. How did women participate in the societies these texts describe? What about non-Muslims, whose own religious traditions descended partly from pre-Islamic late antiquity? *Coming of Age in Medieval Egypt* follows the lives of girls from different social classes—rich and poor, secluded and physically mobile—as they prepared to marry and become social adults. This book offers a new way to understand how women took part in premodern Middle Eastern societies, and how families and religious law worked in the medieval Islamic world.

EVE KRAKOWSKI is assistant professor of Near Eastern Studies and Judaic Studies at Princeton University.

 Lives of Great Religious Books

“A very fine book. Wimpfheimer is a first-rate expositor.”

—Daniel Boyarin, author of *A Traveling Homeland: The Talmud as Diaspora*

The Talmud

Providing a concise biography of this quintessential work of rabbinic Judaism, this book takes readers from the *Talmud*'s prehistory in biblical and second temple Judaism to its present-day use as a source of religious ideology, a model of different modes of rationality, and a totem of cultural identity. It describes the book's origins, its centrality to Jewish law, along with why it has come to be venerated in the centuries since it first emerged. This accessible book shows why the *Talmud* is a powerful symbol of Jewishness for both supporters and critics.

BARRY SCOTT WIMPFHEIMER is associate professor of religious studies and law at Northwestern University.

2017. 232 pages.
 Cl: 978-0-691-17462-4 \$27.95 | £22.95

“A brilliant analysis.”

—Marvin Olasky, *World Magazine*

The Beginning of Politics

The Book of Samuel is universally acknowledged as one of the supreme achievements of biblical literature. Yet the book's anonymous author was more than an inspired storyteller. The author was also an uncannily astute observer of political life. *The Beginning of Politics* mines the story of Israel's first two kings to provide a forceful new reading of what is arguably the first and greatest work of Western political thought.

MOSHE HALBERTAL is the Gruss Professor of Law at New York University, the John and Golda Cohen Professor of Jewish Philosophy at the Hebrew University of Jerusalem, and professor of law at IDC Herzliya in Israel. **STEPHEN HOLMES** is the Walter E. Meyer Professor of Law at New York University.

July 2018. 248 pages. 11 halftones.
 CI: 978-0-691-16385-7 \$35.00 | £27.95

“[This] translation captures the drive, energy, humor, and occasional irreverence of the original German.”
 —Jonathan M. Hess, author of *Deborah and Her Sisters*

The Autobiography of Solomon Maimon

This is the first complete and annotated English edition of Solomon Maimon’s autobiography, which has delighted readers for more than two hundred years. Here, he recounts how he sought stimulation in Hassidic community and among students of the Kabbalah—and offers rare and often funny accounts of both. This new edition restores large portions of the text cut from the abridged 1888 translation, which has long been the only available English edition. This new translation is also accompanied by an introduction, notes, and an afterword that provides an authoritative overview of Maimon’s contribution to modern philosophy.

2016. 688 pages. 43 halftones.
 CI: 978-0-691-16423-6 \$39.50 | £32.95

“[This] collection . . . casts a sharp new light on the modern world.”
 —Ritchie Robertson, *Times Literary Supplement*

Makers of Jewish Modernity

This book presents more than forty incisive portraits of leading Jewish thinkers, artists, scientists, and other public figures of the last hundred years.

JACQUES PICARD is professor of modern and Jewish history and cultures at the University of Basel in Switzerland. **JACQUES REVEL** is a cultural historian and former president of the *École des Hautes Études en Sciences Sociales* in France. **MICHAEL P. STEINBERG** is vice provost for the arts, the Barnaby Conrad and Mary Critchfield Keeney Professor of History, and professor of music and German studies at Brown University. **IDITH ZERTAL** is an Israeli historian and essayist who has taught at the University of Basel, the Interdisciplinary Center Herzliya, and the Hebrew University of Jerusalem.

“Finkel provides a fresh and often fascinating analysis.”

—Stathis Kalyvas, Yale University

Ordinary Jews

Ordinary Jews examines the different patterns of behavior of civilians targeted by mass violence. Relying on rich archival material and hundreds of survivors’ testimonies, Evgeny Finkel presents a new framework for understanding the survival strategies in which Jews engaged, and shows that their responses to Nazi genocide varied based on their experiences with prewar policies that either promoted or discouraged their integration into non-Jewish society. This book sheds new light on the dynamics of collective violence and genocide.

EVGENY FINKEL is assistant professor of political science and international affairs at George Washington University.

February 2018. 344 pages. 1 map. 34 line illus. 14 tables.
 19 halftones.

 The Princeton Economic History of the Western World
 Joel Mokyr, Series Editor

The Mystery of the Kibbutz

The kibbutz is a social experiment in collective living that challenges traditional economic theory. By sharing all income and resources equally among its members, the kibbutz system created strong incentives to free ride or—as in the case of the most educated and skilled—to depart for the city. Yet for much of the twentieth century kibbutzim thrived, and kibbutz life was perceived as idyllic both by members and the outside world. In *The Mystery of the Kibbutz*, Ran Abramitzky blends economic perspectives with personal insights to examine how kibbutzim successfully maintained equal sharing for so long despite their inherent incentive problems. The lessons that *The Mystery of the Kibbutz* draws from this unique social experiment extend far beyond the kibbutz gates, serving as a guide to societies that strive to foster economic and social equality.

RAN ABRAMITZKY is associate professor of economics at Stanford University and research associate at the National Bureau of Economic Research.

April 2018. 560 pages.

Pa: 978-0-691-17882-0 \$45.00 | £37.95

The Collected Papers of Albert Einstein, Volume 15

Covering one of the most thrilling two-year periods in twentieth-century physics, this volume's massive personal and professional correspondence of more than 1,000 letters and almost 100 writings show Einstein's immense productivity and hectic pace of life. During this time matrix mechanics and wave mechanics supplant the earlier quantum theory. Einstein recognizes the great importance of the new developments and the conceptual difficulties involved. He continues to work on unified field theory, and turns to a new, mixed geometry, mathematical approach. This volume also contains revelations about Einstein's personal life, including old romantic entanglements and new conflicts.

May 2018. 256 pages. 30 halftones.

Cl: 978-0-691-17441-9 \$29.95 | £24.95

“This invaluable book fills an important gap in our understanding of Einstein's life.”

—Danian Hu, author of *China and Albert Einstein*

The Travel Diaries of Albert Einstein

In the fall of 1922, Albert Einstein, along with his then-wife, Elsa Einstein, embarked on a five-and-a-half-month voyage to the Far East and Middle East, regions that the renowned physicist had never visited before. Einstein's lengthy itinerary comprised stops in Hong Kong, Singapore, China, Japan, Palestine, and a three-week visit to Spain. This handsome edition makes available, for the first time, the complete journal that Einstein kept on this momentous journey. This beautiful edition features stunning facsimiles of the diary's pages, accompanied by an English translation, an extensive historical introduction, numerous illustrations, and annotations. Supplementary materials include letters, postcards, speeches, and articles, a map of the voyage, a chronology, a bibliography, and an index.

2017. 432 pages. 66 halftones. 6 line illus.
Cl: 978-0-691-17463-1 \$35.00 | £27.95

“Gutfreund and Renn . . . combine years of Einstein scholarship with readability and insight.”
—*Science*

The Formative Years of Relativity

First published in 1922, Albert Einstein’s *The Meaning of Relativity* would go on to become a monumental classic. Now, *The Formative Years of Relativity* introduces Einstein’s masterpiece to new audiences. Hanoach Gutfreund and Jürgen Renn provide fresh, original perspectives, placing Einstein’s achievements into a broader context for all readers.

HANOACH GUTFREUND is professor emeritus of theoretical physics at the Hebrew University of Jerusalem, where he is also the academic director of the Albert Einstein Archives. **JÜRGEN RENN** is a director at the Max Planck Institute for the History of Science in Berlin.

February 2018. 376 pages. 41 halftones. 2 maps. 2 line illus.

“The accessibility and detail make *An Einstein Encyclopedia* an important entry in any Einstein collection.”

—Mike Perricone, *Symmetry Magazine*

An Einstein Encyclopedia

This is the single most complete guide to Albert Einstein’s life and work. Written by three leading Einstein scholars who draw on their combined wealth of expertise, this authoritative and accessible reference features more than one hundred entries and is divided into three parts covering the personal, scientific, and public spheres of Einstein’s life.

ALICE CALAPRICE is a renowned authority on Albert Einstein and the author of several popular books on Einstein. **DANIEL KENNEFICK** is associate professor of physics at the University of Arkansas and an editor of the Collected Papers of Albert Einstein. **ROBERT SCHULMANN** was a longtime director of the Einstein Papers Project and editor of the Collected Papers of Albert Einstein.

“A very user-friendly historical account of Jewish ideas about death.”
—David Hillel-Ruben, *Jewish Chronicle*

After One-Hundred-and-Twenty

After One-Hundred-and-Twenty provides a look at Jewish attitudes and practices regarding death, mourning, and the afterlife as they have existed and evolved from biblical times to today. This book is also Hillel Halkin’s reflection on his own mortality, the deaths of those he has known and loved, and the comfort he has and has not derived from Jewish tradition.

HILLEL HALKIN is an author, translator, critic, and journalist.

“[An] immensely rewarding journey.”

—John Banville, *New York Review of Books*

Kafka: The Early Years

How did Kafka become Kafka? This third and final volume of Reiner Stach’s definitive biography of the writer answers that question with more facts and insight than ever before. This is an unmatched account of how a boy who grew up in an old Central European monarchy helped create modern literature.

REINER STACH worked extensively on the definitive edition of Kafka’s collected works before embarking on his three-volume biography of the writer.

2017. 616 pages. 64 halftones.
