

# Contents

Foreword .....	7
Preface .....	9
Introduction .....	10
Is it a hoverfly? .....	12
<b>Hoverfly biology</b>	
The life-cycle of a hoverfly .....	14
Adults .....	15
Eggs .....	17
Larvae .....	18
Recording <i>Cheilosia albipila</i> and <i>C. grossa</i> by searching for larvae in thistles .....	23
Pupae .....	28
Migration .....	28
Polymorphism and other colour variations .....	30
Mimicry .....	32
<b>Finding hoverflies</b>	
The seasonal calendar .....	34
Where to look for hoverflies .....	40
The search for <i>Callicera rufa</i> .....	45
Glossary .....	46
<b>Identifying hoverflies</b> .....	49
Naming the parts .....	50
Guide to the tribes .....	55
Simplified guide to British hoverfly tribes .....	63
Identifying wasp and bee mimics .....	64
A guide to the most frequently photographed hoverflies .....	67
<b>THE SPECIES ACCOUNTS (see the following two pages)</b> .....	71
List of British and Irish hoverflies .....	276
Photographing hoverflies .....	285
Collecting hoverflies .....	291
Legislation and conservation .....	296
Recording hoverflies .....	297
Gardening for hoverflies .....	299
Further reading and useful addresses .....	302
Acknowledgements .....	304
Photographic credits .....	305
Index of scientific names .....	309

## SYRPHINAE

### Bacchini

<b>Guide to Bacchini</b> .....	72
<i>Baccha</i> .....	74
<i>Melanostoma</i> .....	76
<i>Platycheirus</i> .....	78
<i>Xanthandrus</i> .....	90

### Paragini

<b>Guide to Paragini</b> .....	92
<i>Paragus</i> .....	92

### Syrphini

<b>Guide to Syrphini</b> .....	94
<i>Chrysotoxum</i> .....	98
<i>Xanthogramma</i> .....	104
<i>Doros</i> .....	106
<i>Sphaerophoria</i> .....	108
<i>Eriozona</i> .....	112
<i>Leucozona</i> .....	112
<i>Dasysyrphus</i> .....	116
<i>Didea</i> .....	120
<i>Scaeva</i> .....	122
<i>Eupeodes</i> .....	124
<i>Melangyna</i> .....	128
<i>Meligramma</i> .....	134
<i>Meliscaeva</i> .....	136
<i>Episyrphus</i> .....	138
<i>Epistrophe</i> .....	140
<i>Megasyrphus</i> .....	144
<i>Parasyrphus</i> .....	146
<i>Syrphus</i> .....	150

## ERISTALINAE

### Callicerini

<b>Guide to Callicerini</b> .....	154
<i>Callicera</i> .....	154

### Cheilosiiini

<b>Guide to Cheilosiiini</b> .....	158
<i>Cheilosia</i> .....	160
<i>Ferdinandea</i> .....	176
<i>Portevinia</i> .....	176
<i>Rhingia</i> .....	178

### Chrysogastrini

<b>Guide to Chrysogastrini</b> .....	180
<i>Neoascia</i> .....	182
<i>Sphegina</i> .....	184
<i>Melanogaster</i> .....	186
<i>Chrysogaster</i> .....	188
<i>Orthonevra</i> .....	190
<i>Riponnensia</i> .....	190
<i>Lejogaster</i> .....	192
<i>Brachyopa</i> .....	194
<i>Hammerschmidtia</i> .....	196
<i>Myolepta</i> .....	197

## **Eristalini**

<b>Guide to Eristalini (and Merodontini: <i>Merodon</i>)</b> .....	198
<i>Eristalis</i> .....	200
<i>Eristalinus</i> .....	208
<i>Mallota</i> .....	210
<i>Myathropa</i> .....	210
<i>Anasimyia</i> .....	212
<i>Helophilus</i> .....	214
<i>Lejops</i> .....	216
<i>Parhelophilus</i> .....	218

## **Merodontini**

<b>Guide to Merodontini</b> .....	220
<i>Eumerus</i> .....	220
<i>Merodon</i> .....	222
<i>Psilota</i> .....	224

## **Pelecocerini**

<b>Guide to Pelecocerini</b> .....	226
<i>Pelecocera</i> .....	226

## **Pipizini**

<b>Guide to Pipizini</b> .....	228
<i>Pipiza</i> .....	230
<i>Heringia</i> .....	234
<i>Pipizella</i> .....	236
<i>Trichopsomyia</i> .....	238
<i>Triglyphus</i> .....	238

## **Sericomyiini**

<b>Guide to Sericomyiini</b> .....	240
<i>Sericomyia</i> .....	240

## **Volucellini**

<b>Guide to Volucellini</b> .....	244
<i>Volucella</i> .....	244

## **Xylotini**

<b>Guide to Xylotini</b> .....	250
<i>Blera</i> .....	252
<i>Brachypalpoides</i> .....	254
<i>Caliprobola</i> .....	254
<i>Brachypalpus</i> .....	256
<i>Chalcosyrphus</i> .....	258
<i>Criorhina</i> .....	260
<i>Pocota</i> .....	264
<i>Syritta</i> .....	266
<i>Tropidia</i> .....	266
<i>Xylota</i> .....	268

## **MICRODONTINAE**

<i>Microdon</i> .....	272
